

Instructions for the board games:

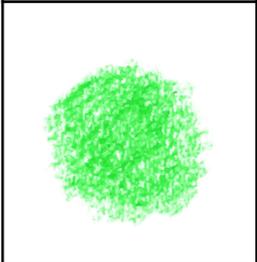

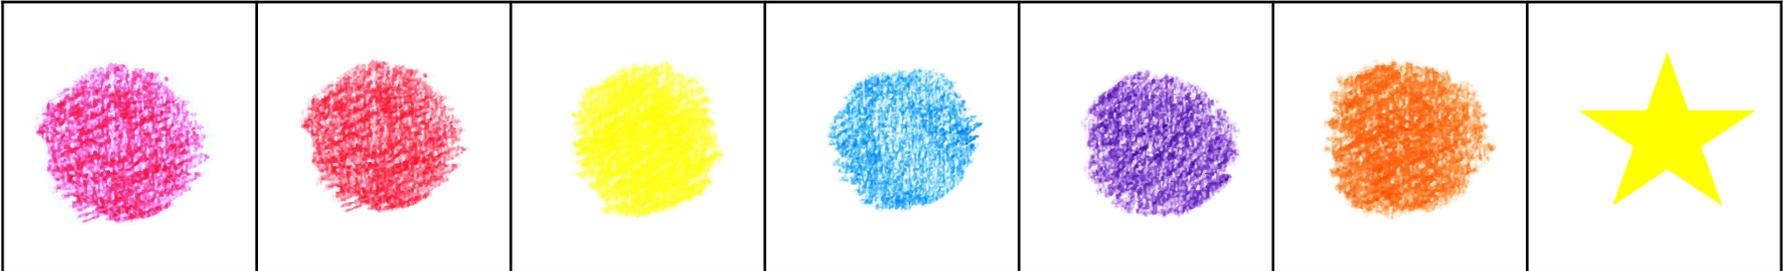

These are best for 2-5 players. Give everyone a game piece, to put on the starting square. Use a dice to roll for each turn.

The games are flexible and can be adapted to the level of the students.

To get input, and develop listening skills, ask a question when the student lands on a square. If the student lands on *la manzana*, for example, ask a yes or no question: *¿Es una manzana o la leche?* or *¿Te gusta la manzana?* or *¿La manzana es roja o verde?*

To emphasize speaking skills, have the students answer a more open-ended question: *¿Qué es?* The students can name the object they land on, using the language they know: *Manzana. Es una manzana. Me gusta la manzana. La manzana es roja.*
